

Certification/Licensure/ Recertification Updates

- Out of state licensed EMS providers that are current and in good standing will be temporarily approved to work in North Dakota. Licensing processes are being worked on. Registration forms will be updated on the DEMS website.
- ND required certifications that are expiring will be extended. Re-certification requirements will be issued after the resolve of this emergency.
- NREMT has extended their certification to June 30 of 2020. DEMS will be following their guidance on NREMT personnel.
- NREMT has waived all late fees.
- NREMT has waived distributive education limits. This also applies to ND EMR level.
- NREMT has approved provisional NREMT certification.
- Provisional NREMT will be recognized by ND. Persons who have completed their NREMT class and passed the cognitive exam will be automatically certified as provisional by NREMT. Please refer to nremt.org and go to your own landing page.
- Provisional levels will be added to DEMS licensure forms.
- NREMT is working on a remote cognitive testing system but this will not be available for several weeks.
